

Compliance of Corporate Governance and Sustainability Principles

SECTION I – CORPORATE GOVERNANCE

1. Corporate Governance Approach

Sabancı Group has adopted the principle of complying with the 4 main pillars of corporate governance that are Transparency, Fairness, Responsibility and Accountability. The Group acknowledges that good corporate governance practices are essential for sustainable growth in today's economies.

Sabancı Holding, the parent company of Sabancı Group and whose shares are listed on Borsa İstanbul Stars Market, designs its management approach based on these principles and continues to develop its corporate governance practices by taking the best practices in the world as its guide.

2. Compliance with Corporate Governance Principles

Sabancı Holding is in full compliance with the 24 principles mandatory to be followed by public companies whose shares are traded on Borsa İstanbul. These principles are specified in the Corporate Governance Principles attached to the Corporate Governance Communiqué (Communiqué) numbered II-17.1 of the Capital Markets Board, which is the securities regulator responsible for the regulation and supervision of corporate governance practices in Türkiye.

On the other hand, Sabancı Holding continued to fully comply with 63 out of a total of 73 discretionary principles, partially comply with 4 while failed to comply with 2 of these principles. Since no activities that fall within the scope of the remaining 4 principles were carried out in 2023, the remaining 4 principles were considered irrelevant and no compliance status could be assessed.

As a result of its efforts, Sabancı Holding achieved 93.5% full compliance and 4.3% partial compliance status while failing to comply with only 2.2% of all Corporate Governance Principles that are relevant and applicable in 2023. Sabancı Holding is committed to continue its efforts to further improve compliance with the remaining corporate governance principles for the benefit of all stakeholders, especially shareholders.

2.1. The partially complied principles are summarized below with the reasons for not achieving full compliance:

3.1.2. *Effective and rapid compensation should be offered in case the rights of the stakeholders that are protected under the relevant legislation and contracts are violated. The corporation shall make it convenient to provide the utilization of the mechanisms such as compensation provided for the stakeholders as per the legislation. Furthermore, the corporation shall form a policy on compensation towards the corporation's employees and disclose this policy to public via the corporate website.*

Sabancı Holding prioritizes pursuing the rights of all its stakeholders and maintaining a business model based on creating value together. However, there are no compensation policies in place towards Sabancı employees, yet no legal issues have been encountered in this regard.

4.4.7. *Members of the board of directors shall allocate a reasonable time for the business of the corporation. In cases where the member of the board of directors is a manager or board member in another corporation or renders consultancy services to another corporation, in principal this situation should not cause a conflict of interest and the member shall not hinder his/her duty in the corporation. Within this context, external duties that the member conducts shall be conditional on certain rules or become limited. The external duties conducted by the member of the board of directors and the grounds thereof shall be submitted for the shareholders' information, by*

distinguishing either such corporation is intragroup or out of the group, together with the agenda item regarding election, at the general assembly meeting in which the election is discussed.

It is important for the members of the Board of Directors to allocate a reasonable time for the Company and to abstain from external duties that may cause a conflict of interest. However, external duties that are out of the Sabancı Group a member conducts are not regulated nor restricted. Additionally, resumés of the members of the Board of Directors were presented in the annual report.

4.5.5. *It shall be noted that any member of the Board of Directors shall not have a duty in more than one committee. Although a specific attention is given to determine committee memberships based on professional experiences of independent directors, due to the limited number of independent Board members and the obligations required by the capital market regulations, the members may be assigned to more than one committee.*

4.6.5. *Remunerations provided for members of the board of directors and executives and all other benefits provided shall be disclosed via the annual report to the public. Principally, public disclosure shall be made on the basis of the persons.*

The remunerations of the members of the Board of Directors are disclosed individually as they are decided by the General Assembly, while the total remunerations provided for the executives are disclosed to public in the notes to the financial statements. Compensations for the executives have been made in accordance with wage policies taking into account performance criteria. Since this information is a personal information, it was not announced on an individual basis.

2.2. The principles that have not been complied are summarized below, with the reasons for not achieving full compliance:

1.3.11. *General Assembly meetings may be conducted open to public including stakeholders and media, provided that those shall not have right to speak and a provision may be included in the articles of association in this respect.*

General Assembly meeting was not held publicly for the sake of efficient time management.

1.5.2. *Minority rights may be defined in the articles of association for shareholders holding less than one twentieth of the capital of the corporation. The scope of minority rights may be enlarged in the articles of association.*

Minority rights are determined in accordance with the relevant legislation, and there is no specific provision for the extension of minority rights in the Articles of Association.

2.3. The principles considered irrelevant since no activities that fall within the scope of these principles were performed in 2023 are as follows:

1.3.7. *Persons who have the opportunity to access information of the corporation in a privileged way shall inform the board of directors to have this item add to the agenda in order to provide information at the general assembly regarding the transactions that they have conducted on their behalf within the scope of the corporation's field of activity.*

1.6.3. *In case the board of directors proposes not to distribute dividends to the general assembly, the reason for such proposal and information as to use of the dividend shall be included into the agenda item regarding dividend distribution.*

4.4.3. *The opinions of a member who does not attend the meeting but who submits his or her opinions to the board of directors in writing are communicated to the other members.*

4.6.4. *Corporation shall not loan money, make credit available, enlarge the term of the loan money or credit, improve conditions, make credit available via a third party as a personal credit or grant securities such as surety to any of its Members of the Board of Directors or executives. However, institutions providing personal loan may make credits and other services available to these persons, within the conditions provided to other persons.*

Sabancı Holding's compliance status with Corporate Governance Principles in 2023 is summarized in the table below:

Status	Full Compliance	Partial Compliance	Non-Compliance	Irrelevant
Mandatory	24	-	-	-
Discretionary	63	4	2	4

These discretionary principles could not be complied with in 2023 due to the practical difficulties for compliance with the principles, ongoing discussions on the implementation of these principles in international platforms as well as in Türkiye, and the fact that compliance with these principles may not benefit the interests of Sabancı Holding and its stakeholders. Thanks to the importance attached to corporate governance by Sabancı Holding, developments on the matter are closely monitored. Efforts to ensure full compliance with these principles are continuing at full speed.
